

standard mudguard range + don't forget about our custom service

Quarter Mudguard – Curved Edge, Standard

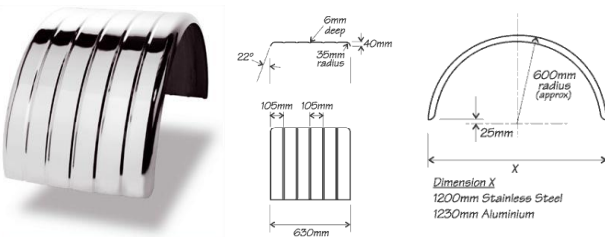

SS11QTSC – stainless steel, 1.1 mm, bright, 4.0 kg
 AM16QTSC – aluminium, 1.6 mm, mill/matt, 2.1 kg
 AM20QTSC – aluminium, 2.0 mm, mill/matt, 2.6 kg

Quarter Mudguard – Curved Edge, provision for mudflap

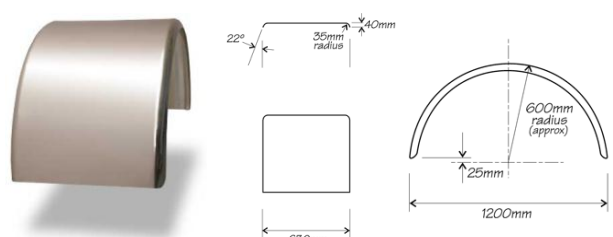

SS11QTFC – stainless steel, 1.1 mm, bright, 3.9 kg
 AM16QTFC – aluminium, 1.6 mm, mill/matt, 2.0 kg
 AM20QTFC – aluminium, 2.0 mm, mill/matt, 2.5 kg

Single Mudguard – Curved Edge

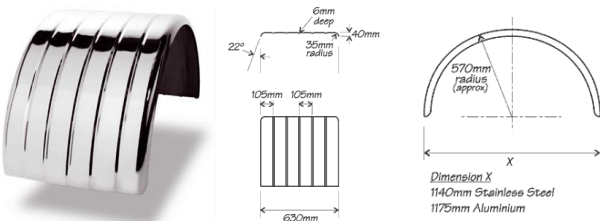

SS11SINC – stainless steel, 1.1 mm, bright, 10.2 kg
 AM16SINC – aluminium, 1.6 mm, mill/matt, 5.3 kg
 AM20SINC – aluminium, 2.0 mm, mill/matt, 6.9 kg

Single Mudguard – Curved Edge, No Grooves

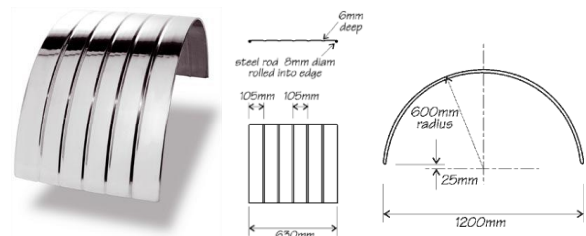

The smooth alternative to our classic 5-groove mudguard
 SS11SINCNG – stainless steel, 1.1 mm, bright, 10.2 kg
 NB: Other mudguards are available smooth/with no grooves through our custom fabrication service – call us to discuss.

Single Mudguard – Curved Edge, Low Profile

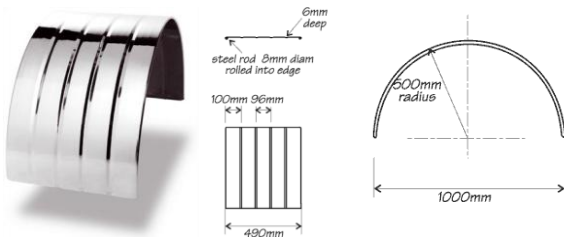

SS11SLPC – stainless steel, 1.1 mm, bright, 10.2 kg
 AM16SLPC – aluminium, 1.6 mm, mill/matt, 5.3 kg

Single Mudguard – Steel Reinforced Edge

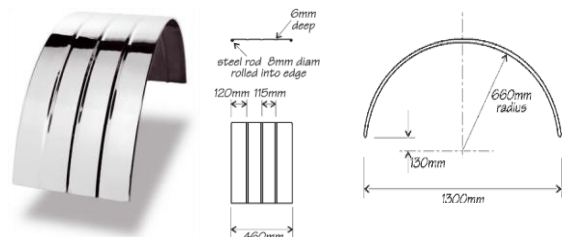

SS11SINR – stainless steel, 1.1 mm, bright, 11.5 kg
 AM16SINR – aluminium, 1.6 mm, mill/matt, 6.7 kg
 AM20SINR – aluminium, 2.0 mm, mill/matt, 8.3 kg

Single Mudguard – Low Profile 16", Steel Reinforced Edge

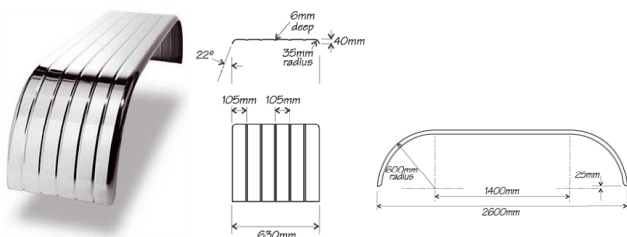

SS11SLPR16 – stainless steel, 1.1 mm, bright, 8.4 kg
 AM16SLPR16 – aluminium, 1.6 mm, mill/matt, 5.0 kg
 AM20SLPR16 – aluminium, 2.0 mm, mill/matt, 6.3 kg

Super Single Mudguard – Steel Reinforced Edge

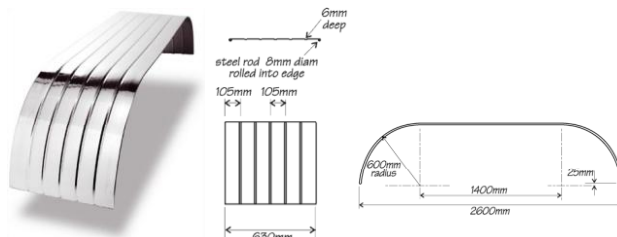

SS11SSNR – stainless steel, 1.1 mm, bright, 8.8 kg
 AM16SSNR – aluminium, 1.6 mm, mill/matt, 5.3 kg
 AM20SSNR – aluminium, 2.0 mm, mill/matt, 6.6 kg

Tandem Mudguard – Curved Edge

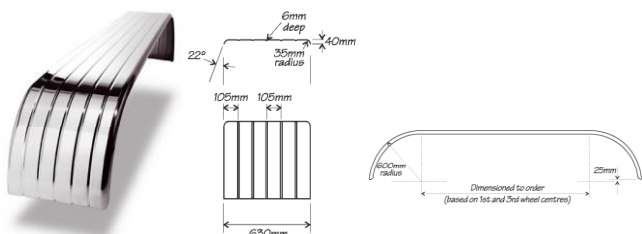

SS11TANC – stainless steel, 1.1 mm, bright, 18.2 kg
 AM16TANC – aluminium, 1.6 mm, mill/matt, 9.6 kg
 AM20TANC – aluminium, 2.0 mm, mill/matt, 11.8 kg

Tandem Mudguard – Steel Reinforced Edge

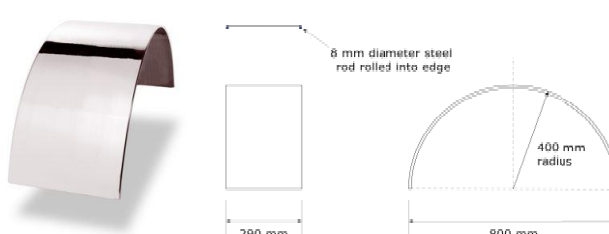

SS11TANR – stainless steel, 1.1 mm, bright, 20.7 kg
 AM16TANR – aluminium, 1.6 mm, mill/matt, 12.0 kg
 AM20TANR – aluminium, 2.0 mm, mill/matt, 14.3 kg

Triaxle Mudguard – Curved Edge

SS11TRIC – stainless steel, 1.1 mm, bright, 24.5 kg
 AM20TRIC – aluminium, 2.0 mm, mill/matt, 15.9 kg

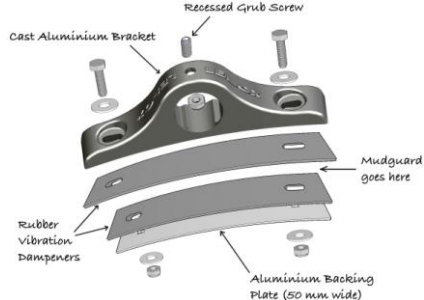

UTE mudguard – cab-chassis Utes

SS11SUTE – stainless steel, 1.1 mm, bright, 4.1 kg
 AM16SUTE – aluminium, 1.6 mm, mill/matt, 2.5 kg

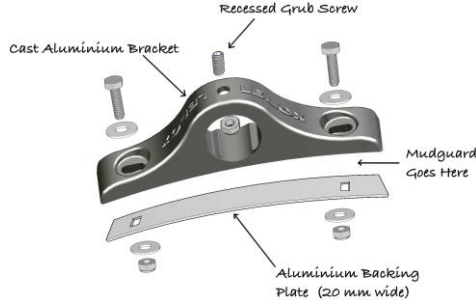

Standard width is 290 mm. Custom width and radius on request

Cast Aluminium Mounting Bracket for Metal Mudguards

MMAB – for mounting of Lelox metal mudguards, includes wide backing plate, vibration dampeners, nuts, bolts and washers, 0.70 kg
 MMABF – as above, with flat bracket for tandem + triaxle

Cast Aluminium Mounting Bracket for Plastic Mudguards

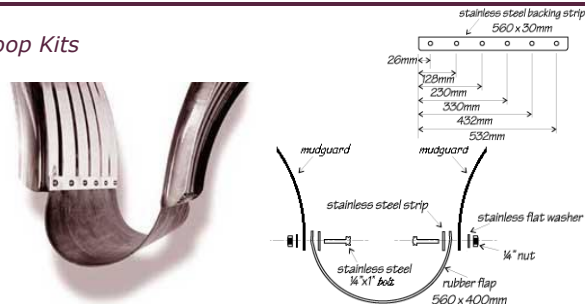

PMAB – for mounting of plastic mudguards, includes narrow backing plate, nuts, bolts and washers, 0.53 kg

Polished Cast Aluminium Mounting Bracket

MMAB-POL – for mounting of Lelox metal mudguards; includes wide backing plate, vibration dampeners, nuts, bolts and washers
 PMAB-POL – for mounting of plastic mudguards; includes narrow backing plate, nuts, bolts and washers.

Loop Kits

LK1 – Black Rubber Loop Kit, 3.3 kg
 (2 flaps, 4 Stainless Steel strips + nuts, bolts and washers)

For a small additional cost, mudguards can be conveniently pre-punched for Lelox loop-kits by adding 'LK' after the part number

Chassis Pipes – Off-Set and Straight

OSCP

STCP

OSCP – Single bolt, Off-Set Chassis Pipe, cast aluminium boss on a *Dura-Gal* coated steel tube, 3.6 kg

OSCPSS - Single bolt, Off-Set Chassis Pipe, cast aluminium boss on a *Stainless Steel* tube, 3.6 kg

STCP – 3-bolt Straight Chassis Pipe, cast aluminium boss on a *Dura-Gal* coated steel tube, 3.0 kg

STCPSS - 3-bolt Straight Chassis Pipe cast aluminium boss on a *Stainless Steel* tube, 3.0 kg

Polished *Chassis Pipes – Off-Set and Straight*

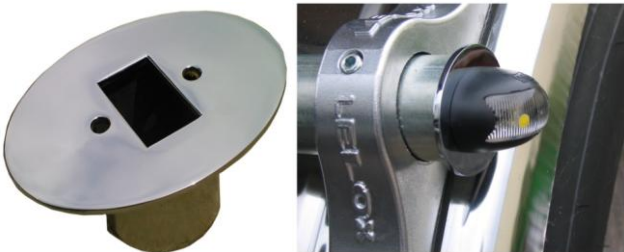

OSCPPOL – Single bolt, Off-Set Chassis Pipe, polished cast aluminium boss on a *Dura-Gal* coated steel tube, 3.6 kg

OSCPSSPOL - Single bolt, Off-Set Chassis Pipe, polished cast aluminium boss on a *Stainless Steel* tube, 3.6 kg

STCPSSPOL - 3-bolt Straight Chassis Pipe, polished cast aluminium boss on a *Stainless Steel* tube, 3.0 kg

PipeLight Holder™

Securely and attractively holds a single side clearance light having 28.5 mm mounting hole spacing. Electrical lead from light runs through middle of chassis pipe. NOTE: Light not included.

PMDS1700– Stainless Steel Dress Strips for Maxus, 3.0kg

Cast Aluminium Garden Tools

Endorsed by Landcare Groups throughout Australia for use in bush regeneration and revegetation projects, these tools are rugged and strong and yet light in weight. Each handle has an ergonomic design, giving maximum comfort with minimum fatigue.

NT – narrow trowel, cast aluminium, 220 g

WT – wide trowel, cast aluminium, 260 g

FORK – fork, cast aluminium, 280 g

CULTIVATOR – cultivator, cast aluminium, 270 g

Arched Spray Suppression Kit

100 mm filament shown

each kit includes: 2 x arched rigid backed spray suppressant 1640mm long complete with clips and pop rivets, 1.5 kg/kit

SP25H – 25 mm filament, 'h' clips for curved edge mudguards

SP100H – 100 mm filament, 'h' clips for curved edge mudguards

SP100F – 100 mm filament, 'F' clips for rolled edge mudguards

Rigid backing Spray Suppressant

RIG75 - 75mm filament, 1820mm pre-cut length 770 g/length

RIG100 - 100mm filament, 1820mm pre-cut length 870 g/length

Flexible backing Spray Suppressant

FLX75 - 75mm filament, approx 60m coil or cut to size, 230 g/m

FLX100 - 100mm filament, approx 60m coil or cut to size, 280 g/m

RIG175 - 175mm filament, 1820mm pre-cut length 1,060 g/length

RIG275 - 275mm filament, 1820mm pre-cut length 1,700 g/length

FLX175 - 175mm filament, 1820 pre-cut length, 640 g/length

FLX275 - 275mm filament, 1820mm pre-cut length, 940 g/length

Spray Suppressant Accessories

HA-1 - 'H' type aluminium clip, 8.2 g each - HA-1C

FA-1 - 'F' type aluminium clip, 7.2 g each

HA-2 - 'H' type aluminium clip long, 16 g each

FA-2 - 'F' type aluminium clip long, 16 g each

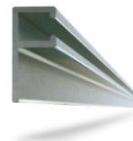

HS-1 - 'H' type spring steel clip, 5.5 g each

H-TR - 'H' section aluminium track 2,600mm long, 836 g/length

FS-1 - 'F' type spring steel clip, 5.0 g each

F-TR - 'F' section aluminium track 2,600mm long, 784 g/length

Stainless Steel Tail Light Mounts

TLM3H This model will hold 3 horizontal grommet mounted rectangular tail lights: 3 x Narva model 45 or 46 OR 3 x L.E.D. Autolamps model 130, 5590 or 5940

1.48 kg

TLM4V This model will hold 4 vertical grommet mounted rectangular tail lights: 4 x Narva model 45 or 46 OR 4 x L.E.D. Autolamps model 130, 5590 or 5940

1.62 kg

TLMJUM This model will hold 1 Jumbo light: 1 x Hella LED Jumbo light model 2416LED, 2423LED, 2424LED, 2427 or 2428 OR

1 x L.E.D. Autolamps J9 Jumbo truck light model J9BARRM, J9BARXM, J9BARWM, J9CARRM, J9CARXM or J9CARWM OR

1 x Narva model 48 LED Jumbo light model 94850, 94852, 94856H or 94857H

1.90 kg
